## Near Two Million Americans in Europe by Last of Year, Prospect

### MAY MOVEMENT OF SOLDIERS TO FRANCE GREATER

Americans Brigaded With the French and British; Permits More to Go

### INCREASE THE TROOP TRANSPORT TONNAGE

April Embarkations Exceeded Estimates; May Will Exceed April Record

BY CARL D. GROAT

WASHINGTON, May 3.—May movements of American troops to fill the gaps abroad will exceed the record of April, it was stated officially today. While the voluntary censorship prevents any extensive dealing in figures, it may be said that the April mark exceeded original promises by a considerable number of thousands.

These facts, following closely upon Secretary of War Baker's revelations of official plans for army expansion, came with other information which means American troops in Europe should be well along toward the two million mark before the year ends, if present schedules are maintained or extended.

Added British tonnage for troop transport is already in the service.

Brigading of Americans with British and French forces makes it possible to carry virtually five times as many soldiers as would be the case were the American divisional organization kept intact and sent across with the necessary supplies.

In connection with the facts given out officially, some interesting inside data on the reserve question as it affects the western front was made available.

Britain has had to use many of her reserves in France merely to check the boche, it was said. For that reason she had to send an "S. O. S." for French aid, as the nearest available, while she hurried across the channel the reserves held in England and asked the United States to hasten our forces. Britain has suffered considerable losses, but she has done her share with the forces at her command and her call for French aid was nothing to her discredit.

The official source for the foregoing facts added that the lull in the western strife means merely a breathing spell and that Germany all summer will keep up her strokes.

### ONE PARLIAMENT FOR WHOLE OF IRELAND; HOME RULE PROCEEDS

Correspondent Says Bill Will Be Introduced Probably In Two Weeks

LONDON, May 3.—"The government is determined to proceed with the Irish home rule," said the parliamentary reporter of the Chronicle today.

"The bill will be federalistic, providing one parliament for the whole of Ireland. It will be introduced in a couple of weeks."

The Mail says: "The situation is the cause of great anxiety. Premier Lloyd George is giving the matter his closest attention. The committee drafting the bill is unable to agree with the essentials."

### PLAN BIG MILITARY MUSICAL FESTIVAL

(By United Press)

CAMP FREMONT, Menlo Park, Cal., May 3.—Twenty-five thousand men and nine full bands will furnish music when Camp Fremont holds its big musical festival early in June.

Captain Davies has been assigned the task of training the men and will start work immediately. Cups donated from various sources will be awarded to the units which carry off the singing honors.

### Mayor's Urgent Request

Mrs. Elizabeth A. Lawton, Woman Director of Food Conservation in Orange county, begs to call the attention of our willing housekeepers, hotel and restaurant men to the fact that there is a surplus of 30,000,000 bushels of potatoes which must be consumed by June 1. Let our slogan for the next thirty days be "Potatotric in our patriotism." Please help out by serving potatoes in some form at every meal. Mrs. Lawton says there are forty-eight ways of serving tubers. The potato is a native American and deserving of respect—show your respect by eating him. Use potatoes and conserve wheat for the boys at the front.

Respectfully,  
A. J. VISEL, Mayor.

### FORCE TURKEY TO ACCEPT SEPARATE PEACE

### British Renewal of Mesopotamia Operations Promises Important Results

BY J. W. T. MASON  
(United Press War Expert)

NEW YORK, May 3.—A separate peace with the reluctant consent of Germany may be forced on Turkey with the renewal of new highly important operations north and northwest of Bagdad by the British expeditionary forces in Mesopotamia.

In both Austria Hungary and Prussia, demands in the local parliaments for political reforms are reaching a disquieting stage of insistence. The vested interests have united against any extension of democracy and are resolved to continue the struggle for their own privileges, regardless of consequences. Compromise solutions, therefore are not probable.

At the same time, disorders as a result of food shortage are announced in Germany, while the Austro-Hungarian government has been forced to seize the private food stores of the peasants to keep the cities from starvation. In Ukraine, wildly heralded as a certain source of unlimited food supply for the central powers, the farmers are burning their crops rather than submit to the ruthless seizures ordered by the German military authorities.

At Vienna the pro-Germans have begun a boycott of Emperor Karl because he is showing a small spirit of independence and does not confess to a belief in the omnipotence of the Hohenzollerns. The young emperor's position would be precarious if Germany were to win the war and could dictate terms of peace. In that event, Karl might be compelled to abdicate, so that a puppet more agreeable to Germany could be put on the throne at Vienna.

That these accumulations of distress and discord are causing uneasiness to the Teutonic leaders is apparent from the recent utterances of Chancellor von Hertling, deplored a too arrogant policy of reaction by the Prussian junkers. These sources of unrest may not be themselves cause a revolt, but they may well contribute to that purpose once the allies begin winning military victories against Hindenburg. In that possibility centers the chief interest of the present domestic troubles of the central empires.

At the same time British troops were to occupy Aleppo the whole of that part of the Bagdad railway supplying northern Mesopotamia would fall a prize to the British. Simultaneously the Turkish armies in Palestine would be forced to surrender because all of their supplies are received by way of Aleppo.

A catastrophe of this magnitude would be the severest blow that could be inflicted on the pan-Germans. Their major ambition is to dominate in future years the entire area now being won by the British Mesopotamia troops. Rather than see the total collapse of the Turks and the capture of the Bagdad railway by Great Britain the kaiser might well advise the sultan to surrender in the hope that at least could be saved for future German exploitation.

The British advance toward Mosul and Aleppo is being made principally by Sudan troops. These soldiers have not proven good material for the nerve racking trench warfare in western Europe. Their use against the Turks, therefore, does not decrease the strength of the Allies along the west front at this critical time.

### HUNS MENACED WAGE INCREASE BY INTERNAL STRIFE AND RIOTING OF MILLIONS FOR RAIL WORKERS

Food Disorders and Demands For Political Reform Disturb Central Powers

BY J. W. T. MASON  
(United Press War Expert)

NEW YORK, May 3.—Serious internal difficulties of the central powers are following the stoppage of von Hindenburg's offensive along the west front.

Food, political and dynastic problems have been accumulating in Germany and Austria Hungary while the world has had its attention fixed on the military events in Picardy and Flanders. A sudden collapse of Teutonic resistance because of new domestic crises is not to be expected but there can be no doubt of the undermining effect on the morale of the Hohenzollern absolutist regime.

In both Austria Hungary and Prussia, demands in the local parliaments for political reforms are reaching a disquieting stage of insistence. The vested interests have united against any extension of democracy and are resolved to continue the struggle for their own privileges, regardless of consequences. Compromise solutions, therefore are not probable.

### NEW TYPE OF U-BOAT IS USED BY GERMANS; SOME ALREADY SUNK

Cruising Sub. Uses Steam on Surface Runs; Equipped With Telescopic Funnels

LONDON, April 19 (by mail).—A new submarine cruiser has been launched by the Germans, according to reports received here. The new U boats are driven on the surface by steam engines with telescope funnels, which are drawn in when submerged. They are armed with 5.9 inch guns, which throw a shell weighing more than ninety pounds.

Several of these super-submarines already have been sunk.

Increase of All Salaries, 30 to 65 Per Cent, Favored By Adjustment Board

WASHINGTON, May 3.—Recommending millions in wage increases for the men who man America's railroad system the railway wage adjustment board has completed its report to Director General McAdoo. The recommendations will be taken directly to McAdoo, who is now in New York, and are expected to be made public soon.

The wage board, headed by Secretary of the Interior Lane, has been working for many weeks on the report. Hearings were held both with the employees and railroad managers to determine upon a fair basis of increase. The workers based their demands on the mounting cost of living and asked increases ranging from 30 to 65 per cent. It is understood that the board's report, if accepted by Secretary McAdoo, will mean total wage payments of approximately a quarter of a billion dollars annually.

Virtually all railroad employees are affected by the wage increases.

### EXPLOSION OF BIG BALLOON KILLS TWO AT OMAHA

Eighteen Wounded, Two Probably Fatally, and 25 Are Slightly Burned

OMAHA, May 3.—Two Fort Omaha school cadets were killed, 18 injured, two probably fatally and 25 others slightly burned when a big 3500 cubic foot sausage balloon exploded in its hanger last night.

The dead are believed to be Privates John E. Davis and Vincent L. Beall. The two men were burned and charred beyond recognition. A lock of red hair on one escaped the flames and a silver ring on the other was not disfigured.

Although Colonel Hersey's official statement said the explosion probably was caused by static electricity from the balloons' silken sides rubbing together, it is generally reported by witnesses that there were two explosions, started when gas was being transferred from a nurse balloon to the sausage in the hanger.

### NEWS 'PIRACY' CASE IN FINAL ARGUMENT AT WASHINGTON TODAY

WASHINGTON, May 3.—Arguments in the suit of the Associated Press against the Hearst International News Service were set for this afternoon before the supreme court of the United States.

The case came up on a writ of certiorari at the instance of the Hearst organization asking a review of the special point regarding the rewriting and sale of dispatches "lifted" from printed editions of newspapers or bulletin boards.

The various other points of "pirating" involved in the case in the U. S. district court at New York where an injunction was issued against the International News Service were not involved in the hearing today. Samuel Untermyer was chief counsel appearing for the Hearst interests, while Frederick W. Lehman, St. Louis, represented the Associated Press. Senator Hiram Johnson, California, was present to make the final argument for Hearst.

### PHILIPPINE VETERAN KILLED IN PICARDY

WITH THE AMERICAN ARMIES IN FRANCE, May 2.—Lieut. Col. Richard H. Griffiths of the 18th infantry was killed by shell-fire on the Picardy front, as he was emerging from a dugout.

Griffiths was born in Great Britain but was a naturalized American. While a boy he served in the Philippine campaign with the fourth Tennessee infantry. At the outbreak of the present war he joined the Royal Scots but later obtained a transfer to the American forces.

### Hindenburg Now 'Possumming,' Preparing for New Offensive; Canadians Take Huns, Guns

British Destroy Post In Lys Area, But Line Is Comparatively Quiet While Opposing Forces Recuperate For Renewed Efforts; Austro-Hungarian Situation Reported Serious

PARIS, May 3.—The capture of an important hill and wood in the Amiens region was reported by the war office today.

TERRIFIC FIGHTING LIKELY AT ANY TIME

BY WILLIAM PHILIP SIMMS  
(United Press Staff Correspondent)

WITH THE BRITISH ARMIES IN FLANDERS, May 3.—There is still a big concentration of men and guns opposite the Franco-British lines and a terrific new outburst is liable at any time.

Hindenburg is playing possum until his armies are refreshed—then he will be ready to strike again with all his power.

Under the bluest May-time sky Mars has put the lid on Armageddon. Throughout yesterday and last night, the guns muttered only spasmodically. The British destroyed a post in the Lys area and the Canadians conducted a raid near Lens, capturing seven Germans and three machine guns. The present inactivity reminds one of the mid-winter lull during the days of static warfare.

It is common talk among the ordinary German soldiers, however, that conditions at home necessitate some sort of a decision.

AUSTRIAN SITUATION REPORTED SERIOUS

ZURICH, May 3.—The Austro-Hungarian situation is serious, it is stated in dispatches received here to day.

M. Karole has gone to Vienna to organize the workers and others against Baron Burian and Count Tisza.

The German nationals are demanding that Premier von Seydlitz resign.

Recent dispatches declared that von Seydlitz had resigned for the second time. His resignation is understood to have been refused by Emperor Karl.

LONDON, May 3.—French troops made an appreciable advance in Hargard wood and occupied Baune wood, southwest of Mailly-Raineville, the French war office announced in its night official communiqué. Only the usual artillery activity was reported elsewhere.

Field Marshal Haig reported the repulse of an enemy raid near Hettange, in the Albert sector.

"Between Hailes and Castel we captured hill 32," the communiqué said.

Castel is a mile south of Hailes, where American troops are fighting on the west bank of the Aire.

"On the edge of the Aire we captured a wood with 100 prisoners, including four officers.

"Our patrols brought back prisoners in the Woerre and Lorraine regions."

Jimmy Meissner of Brooklyn brought down a German airplane in the sector northwest of Toul this noon, while scouting and guarding French observers.

Meissner spotted the enemy plane, an Albatross, below him at an altitude of about 8000 feet. He dived, firing 200 rounds.

The boche started for home, but his plane was smashed and fell in flames behind the German lines.

Arriving at the falling plane to complete his work, Meissner struck the Albatross, cutting its top wing to shreds.

The German war office announced the occupation of Sebastopol, principal city of the Crimean peninsula, in Russia, without opposition. Regarding the western front, Berlin said "the situation is unchanged."

## FRENCH RELIEF SHIP SUPPLIES COMING IN

Clothing and Food Being Left Daily at Chamber of Commerce

Santa Ana is not going to fall behind other towns of Southern California in helping to raise the 2000 tons of supplies which will make up the cargo of the French relief ship. Clothing and food continue to come in daily at the Chamber of Commerce. The five big essentials needed are flour, beans, rice, dried fruits and condensed milk. Cash will be gladly received.

Persons giving money may stipulate if they desire, what kind of provisions or other supplies shall be purchased with their money, provided the articles are in the list approved by the government.

About fifty pairs of shoes have been raised, together with garments of every nature. Most of the gifts have been anonymous. Within the last day or two this city's donation has been very materially increased by the following gifts:

H. A. Pitner, 80 pounds of Lima beans; Dr. H. Pullin, 17½ pounds of Lima beans; E. D. Burge, 1000 pounds of beans; Miss Lapum, cash.

Persons who wish to donate services, trucks or automobiles for hauling purposes, may communicate with the Chamber of Commerce.

## REPAIR OR WRECK GAS PLANT, SUGGESTION OF COMMISSIONER

That the gas manufacturing plant of the Southern Counties Gas Company located in this city should either be rehabilitated and maintained in perfect order for operation in case of emergency, or should be wrecked and sold for what it would bring, was a suggestion made by Railroad Commissioner Max Thelan at the hearing at the city council chambers today on the petition of the gas company for permission to increase its rates in this district.

The principal witness for Santa Ana and Orange county was R. J. Farther, who was superintendent of the local plant when it suspended operation in April, 1914, when natural gas was turned into the mains. His estimate of the value of the generating plant and the pipe system of this city is 50 per cent less than the valuation placed by the company experts. The difference is about \$50,000.

The hearing was late in getting in motion today. Commissioner Loveland was not able to be here because of illness, and the taking of testimony proceeded with Commissioner Thelan presiding. City Attorneys from different cities in the counties were present, and Long Beach was among the outside cities represented. LeRoy Edwards, attorney for the gas company, and a resident of this city when he was a boy, cross-examined witnesses put on in behalf of the city and county.

City Attorney Scott in opening the hearing, stated that the increase in the consumption of gas within the city and county had been considerable in the past few years, and recited the fact that before the introduction of natural gas commercial enterprises were using oil in generating power. Gas had supplanted oil, by reason of the fact that it was cheaper, the company offering attractive prices to induce this change.

C. A. Emmerson and J. A. Knapp, residents of Garden Grove, were the first witnesses called to the stand.

Emmerson is engaged in the hardware business there and has been one of the active men in that community in working up extensions of the gas service there. He said that the bulk of the gas consumed in that section is by chili driers. He predicted a big increase in the demand both for domestic and drier use in the future.

and recited experiences of some of the residents who had attempted to get gas connections. They had failed because the gas company could not get supplies to make extensions.

J. A. Knapp stated that driers in that vicinity would use 50 per cent more gas than they are using if they could get it. The rate for this service is 30 cents per 1000 cubic feet, and at this rate he thought the drier plants in that vicinity would use from \$100 to \$200 worth of gas during the period of operation, from three to four months. There were many plants where gas is not available, and he believed that extension of lines to serve them would develop domestic business that would justify the company in carrying the gas to the driers. The average extension necessary to serve the plants, in his opinion, would be about three-quarters of a mile. He said that with gas, the drying costs for chilis was about \$5 per ton. Drying by the use of distillate costs from \$12 to \$14 per ton.

R. J. Farther, who is now a farmer on the Newport mesa, and who formerly was superintendent of the local gas plant, was put on as a practical engineer. He came to Santa Ana in 1911 to take charge of the plant and at that time the consumption of gas was about 250,000 cubic feet, the business increasing to about 500,000 when the plant suspended in April, 1914.

Under questioning by City Attorney Scott, he presented to the commissioner his valuations on certain items enumerated in the inventory by the gas company engineers and filed with the commission. In practically every instance his valuation was much lower. The difference in the total was about \$50,000.

**Guests at Luncheon**

The commissioner, attorneys and representatives of the gas company in attendance were guests of the city council at luncheon at the Dragon. The city attorneys of the county present were G. H. Scott, Santa Ana; W. R. Garrett, Orange; C. R. Allen, Fullerton; Albert Launder, Brea, and H. G. Ames, Anaheim.

City Attorney George Hoodenpyle of Long Beach was in attendance. Orange county occupied the entire session today and Long Beach did not have opportunity to finish presentation of its evidence. It probably will have the opportunity at the session to be held in Los Angeles tomorrow.

**Match the President Club**

The banks of Santa Ana will be open until 9 on Saturday night, so that everyone will have an opportunity to buy bonds.

Today the banks have been rushed with applications, and this rush will undoubtedly continue until Saturday night, so don't be the last one.

There has never been anything started in the city of Santa Ana that the people of the community have taken such an active interest in as the "Match the President Club." Born at 10 a.m. on May 2nd, with 25 members, it now, on May 3, has a membership reaching nearly 500.

If you are member of the "Match the President Club" your name will be enrolled and sent to the president, Woodrow Wilson, with a letter expressing the loyalty and fealty of the people of Santa Ana. Do you want your name to go into the archives of Washington? If so, join the "Match the President Club" now!

The members of the club desire to express their appreciation for the kindness of Captain David Fallon, in assisting it to get 125 members at the Chautauqua last night. It also wants to thank the Chautauqua management for letting it solicit for membership.

Now—Right Now—is the Time. Liberty Bond buyers of the city today have swamped the banks and the Liberty Loan Committee headquarters in matching the president's \$50 bond bought with a cash payment of \$5 down and \$5 per month. The following is a list of some of those who have responded to the challenge, it being impossible to get names of all the subscribers ready for publication by noon today. There are 206 names:

A. N. Zerman, John Cubbon, Rosemary Smith, Maude S. Zerman, J. C. Burke, John Cubbon, Van S. Pomeroy, Mary E. Pomeroy, Lee P. Pomeroy, Grace S. Bisby, Walter Vandemark, George Kryhl, Clyde Horton, E. B. Sprague, W. J. Lindsay, C. F. Heil.

**JAPANESE BABY, 2, FELL IN BATHTUB AND WAS DROWNED**

Little May Nitta, the 2-year-old daughter of Mr. and Mrs. S. Nitta, Christian Japanese of Fairview and Artesia streets, was drowned yesterday when it fell into a bath tub full of water. The little child was playing about the house and, unnoticed by her mother, went to the edge of the tub and, standing upon a stool, she leaned over the edge of the tub and soon fell into the water. The child's mother soon discovered its plight, and calls were sent for neighbors and for a physician, but all efforts to resuscitate the child failed.

Funeral services were held at 3 o'clock this afternoon at the Mills & Winbigler Mission Funeral Home, the Christian Japanese minister officiating, with interment in Fairhaven cemetery.

#### BEAN BURGLAR GIVEN 1 TO 15 YEAR TERM IN SAN QUENTIN

Judge West Recommends That Harry McKee Be Kept In Prison Five Years

Harry McKee's record faced him this morning, and because he had a record that did not look good to those who were considering his plea for probation. Judge West sentenced McKee to San Quentin for a term of from one to fifteen years, and the judge recommended to the prison authorities that McKee be made to serve at least five years of the term.

McKee pleaded guilty to stealing a wagon load of beans from the Farmers' Warehouse Co. near Huntington Beach. These beans were sold in Los Angeles, and a team and wagon taken from the Plavan ranch by McKee as a means of transporting the beans were recovered.

It developed that fifteen years ago McKee was given probation upon a forgery charge. So far as could be learned he served out his probation period satisfactorily. It was stated that for some months federal authorities have been looking for him for a transaction in connection with a post office in the San Joaquin Valley. He said that he had also had trouble at Bakersfield over a check, but his father straightened that matter out for him. His parents live at Redondo Beach.

#### HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot pray Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I readin the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles

of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and sides aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. FINORE, 51st Marcy Ave., Brooklyn, N. Y.

#### FOR WATER SEEPAGE FROM GUN CLUBS SUIT FOR \$3500 IS BEGUN

Hazeltine Says Algonquins Duck Ponds Ruined Land For Crop

H. S. Hazeltine has brought suit for \$3500 damages against the Algonquin Gun Club upon the ground that water diversion by the gun club ruined sixty acres of land for a crop in 1917.

The complaint, filed by Attorneys H. C. Head and J. C. Burke, alleges that the gun club last September dammed up a drainage ditch of the Westminster district, in order to get water from the ditch over into the duck ponds of the gun club. This raised the water level under Hazeltine's land, and caused a flow over upon his land, with the result that the land was rendered unfit for a crop and was damaged severely by alkali brought upon the land by water.

**SEELEY IS TOLD HE MAY BE SENTENCED TO FIFTEEN YEARS**

Papers In Deserter Case Are Called For By Ft. Mc-Arthur Officials

When Esley Seeley of Santa Ana, taken to Ft. MacArthur as a deserter because he refused to entrain with a draft contingent, was turned over to Ft. MacArthur authorities he was told that he would probably be given a sentence of fifteen years.

"The first man got ten years," said the officer who took charge of Seeley, no doubt having in mind V. V. Dart of Santa Ana, who was the first man tried as a deserter, "but they are getting fifteen years now."

Today the local exemption board received instructions from the authorities at Ft. MacArthur to send at once Seeley's registration card and also the papers under which he was ordered to report for entrainment.

Transfer Adams

W. M. Adams, registered in Pennsylvania, who has been in jail here because he failed to return to his questionnaire, will be taken to Ft. MacArthur tomorrow. He is not held as a deserter, but is to be observed as to whether or not he is physically fit to be put into the service.

STATISTICS ARE SENT TO THE ADJUTANT GENERAL

FULLERTON, May 3.—In response to a request from Adjutant General Borree for information concerning the status of Class 1 of the local exemption district, Chief Clerk George H. Gobart has forwarded the following:

## BOOKS FOR SOLDIERS

Somebody once wanted to know why, seeing that books are more important than baseball games, the newspapers shouldn't get out extras to announce the publication of an important book. We don't happen to think of an appropriate answer at this moment. But books are, or ought to be, interesting subjects to all intelligent men and women. Therefore we venture once more to advert to the topic of books for the army training camps.

When Theodore Roosevelt went on his African hunting trip, you may remember, the story of the "pigskin library" he took along made good reading. Bwana Tumbo—as we've almost forgotten to call him—is considered some judge of books. Presumably he knows something about what soldiers will like to read if they have a chance. Well, the colonel has sent the army library people a check, asking them to spend it all for copies of "Guy Mannering," "Our Mutual Friend" and "The Antiquary."

May be the people at home would like to read those books, too.

And speaking of Dickens—were we speaking of him?—somebody says that soldiers like to read his stories in the hospitals and O. Henry's in the trenches. There's matter for reflection in that.

A Boy Scout brought into a book collecting depot an armful of volumes that he called "bully ones." Some of them were old. All were well thumbed by juvenile thumbs. "Treasure Island" was nearly worn out. So were the Cooper books. All of them were thrillers.

That boy was everlasting right. What a live youngster likes, a soldier's apt to like.

## LIVE "COPY"

The American Newspaper Publishers' Association, in convention at New York, had a criticism to make of the government departments at Washington, which every practical man recognizes as a just one. It concerns the publicity matter sent to editors for their information and use.

By far the greater part of this copy is promptly thrown into the waste basket, because the most cursory glance shows that it is not of sufficient interest to newspaper readers to merit printing. Often the subject itself is not one of popular appeal. Often the matter prepared has not been written in a popular enough way. Often an article which would have been acceptable is discarded as "dead stuff" because it comes too late—the same facts have already been carried by wire.

It has always been so. The matter issued by the various departments has been improving in recent years. But there is still room for improvement. And in view of the war, improvement is imperative. There is too much wasted publicity effort in the departments.

The publishers propose a system of co-operation between the press and the government, by which a committee of practical news experts representing the newspapers of the country would be allowed to gather from the different departments news interesting to the public and important for winning the war. Of course their work should be subject to reasonable censorship. They would not be expected to reveal things best kept secret. The plan ought to work to the advantage of everybody concerned, if the government will accept it.

## ATHLETICS IN THE ARMY

In connection with the recreative athletic work in the army training camps it is interesting to learn that more men have taken part in competitive basketball this year than ever before in peace times. Men in the camps who participated in organized basketball last season numbered close to 150,000.

Basketball is an especial favorite from the military standpoint because it calls for a keen co-ordination of the physical and mental faculties. And it's a fine "hardening" game.

Boxing is another of the recreational activities emphasized in the training camps. It is an excellent sport and affords at the same time good training for bayonet fighting.

During the coming summer swimming instruction will be given as an army requirement.

In regard to these sports, as well as the many others offered at the camps, the military purpose is served while the recreational need also is met. The true value to mind and body alike of good, clean, energetic sports is recognized by those in charge of the training of our national army. The right kind of athletics furnishes the best all-round development of team work as well as of individual initiative in a crisis. As conducted in the training camps it is really democratic, and is helping to create and maintain the fine spirit of our fighting men.

## LICHNOWSKY'S CONFESSION

The confessions of Prince Lichnowsky, former German minister to England, have made the chain of evidence against Germany complete. No man or woman with a normal set of brains can longer question Germany's guilt, in the light of this frank revelation from the pen of an honest German statesman. The German newspapers in which it was printed, now arrived in this country, have only strengthened the impression made by the brief cable report.

Prince Lichnowsky handled all the German negotiations with Great Britain in the uncertain days preceding the outbreak of war. What he did not know then about the attitude of the German government he found out later. He declares:

That Great Britain and Russia did their best to avert war;

That Germany drove Austria to her oppressing policy against Serbia;

That Britain and Russia persuaded Serbia to accept Austria's hard terms, and that Austria was then placated, but Germany forced Austria to go ahead with the war;

That Germany, refusing all England's offers of media-

tion, declared war against Russia deliberately to precipitate the conflict;

That Lichnowsky's London mission "was wrecked not by the perfidy of the British, but by the perfidy of our (the German) policy."

After submitting all the proof, Lichnowsky says:

"In view of these indisputable facts, it is not surprising that the whole civilized world outside of Germany attributes to us the sole guilt for the world war."

"Is it not intelligible that our enemies declare that they will not rest until a system is destroyed which constitutes a permanent threat to our neighbors?"

"Must they not otherwise fear that in a few years they will again have to take up arms, and again see their provinces overrun and their towns and villages destroyed?"

"Were those people not right who declared that it was the spirit of Treitschke and Bernhardi which dominated the German people—the spirit which glorifies war as an aim in itself and does not abhor it as evil?"

"Were those people not right who said that among us it is still the feudal knights and Junkers and the caste of warriors who rule and who fix our ideals and our values—not the civilian gentlemen?"

"Were they not right who said that the love of dueling, which inspires our youth at the universities, lives on in those who guide the fortunes of the people?"

No allied spokesman could have drawn a clearer indictment of the German government. Lichnowsky is expected to suffer imprisonment for his expose, and possibly death. But the truth is out, thousands of Germans have heard it, and the whole nation eventually will hear it.

## THE FOOD LITANY

"The life of the nation and of civilization," says the Manufacturers' Record, "hangs in the balance because of the food situation."

"We can wear our old clothes and we can live in old houses, but we cannot live on old food."

"Produce, produce, produce foodstuffs!"

"Conserve, conserve, conserve foodstuffs!"

"Let food production be preached in every pulpit,

taught in every counting room, urged by every banker and merchant upon every farmer, and practiced through war gardens by every man or woman who owns or controls a back yard or front yard or open lot."

"Let food conservation be the rule in every family, rich or poor."

"He who fails to conserve food, or wherever possible, to produce food, is a disgrace to his section, to his country and to civilization."

Speaking of saving wheat to ship to our allies, has it not been written: "Cast your bread upon the waters, and it shall return to you after many days."

Every garden spade is now a trenching tool used against the Kaiser.

## Success of Farm Loan

(From the Sacramento Union)

In spite of the tremendous strain of war finance, the first year of the farm loan plan has demonstrated that the system will succeed.

Farm loan associations have been formed in four-fifths of the counties in the entire country and loans amounting to \$160,000,000 have been approved. About \$80,000 has been actually paid to the borrowers. The total applications amount to \$300,000,000.

In view of the determined opposition of the banks in some parts of the country and taking into consideration that the system was entirely new to this country and all the machinery had to be organized, the record of the first year is most satisfactory.

If the developments of the next year are in proportion to the first year, rapid growth of the system is assured and immense benefit to the farmers is certain to result.

The first year's experience has demonstrated that the system is sound—that it will work. The hardest part of the campaign has been done, as every member of a loan association will be a missionary for the system. Fifty-six thousand farmers are borrowers and each one will prove a booster for the system.

\* \* \* And there was a note—with it—that said if we wanted it—he would—Send us some more—

\* \* \* And we didn't—Want any more—We didn't even—Want that much—And I ditched it—

\* \* \* And I know—The guy that wrote it—And he is a widower—And he has been—Carrying a ring—for a year—Trying to find—Some simple-minded—Dame to wear it—

\* \* \* And another one—Was sixteen stanzas—On "Baby's Toys"—And it was a sad affair—That almost made me weep—

\* \* \* And the author—is an old maid—who don't know—Any more about babies—Than she does about gophers—

\* \* \* And there was one—By Oscar Comeover—The preacher's son—And it was in—A pink envelope—

\* \* \* And Oscar said—it was a dream he had—On Saturday night—And he said he wondered—What would I—Think of it—

\* \* \* And I wouldn't—Think of it at all—if I could help it—And he ought to—See a doctor at once—

\* \* \* And the editor came in—And asked me—How was I getting on—And I told him—I was getting crazy—

\* \* \* And he asked me—How did I like them—And I asked him—How would he like to—Mix quinine—And sugar and salt—And Limburger cheese—And try to eat it—

\* \* \* And he said—He was sorry—Because he had intended—to offer me—The position—Of assistant editor—

\* \* \* And I asked him—Would I have—To read poems—And everything—And he said I would—

\* \* \* And I told him—To give the job—to the obituary writer—And I would stick—to writing dog fights—And Sunday school conventions—By Bud.

## NEIGHBORING NEWS

Sunny Southland in Brief

REDLANDS.—Governor Lynch of the Twelfth Federal Reserve District, has telegraphed to C. M. Brown, chairman of the local Liberty Loan committee, that the Redlands honor flag for having gone over the top in the Liberty Loan campaign, has been sent from San Francisco.

COALINGA.—George E. H. Satchell, certified public accountant and assistant manager of the A. P. May, Inc., store here, has been appointed by the Licensed Retail Grocers' Association of California, to represent the grocers of this state before the United States Food Administration, at Washington, D. C.

COTON.—Over the top by nearly \$30,000 is Colton's record for the third Liberty loan drive. The grand total stands at \$90,000, the city's allotment being \$67,000.

BELLFLOWER.—Rev. Guy Arnott White, pastor of the Presbyterian church, has been granted a six-months' leave of absence by his church and has gone to France, where he will engage in Y. M. C. A. work. His pastorate here has been popular and the church gave him to the cause of human freedom by unanimous vote.

LOS ANGELES.—Through the efforts of Louis M. Cole, city food administrator, and the Los Angeles Fair Price committee, the price of milk was reduced 1 cent on the quart and pint. The new quotation will go into effect today, and all of the milk distributors in the city have agreed to abide by the new figure.

COTON.—Retrenching wherever possible, the Board of Trustees abolished the office of city health officer, decided to have but one night policeman instead of two, and combined the water and street departments under one head at the first business meeting of the board since reorganizing. Peter Domenigoni, the new member of the council, would have done away with the office of city attorney, but the trustees decided that his services could not be dispensed with.

LOS ANGELES HARBOR.—Final rehearsals for the big patriotic pageant "Liberty Calls" are being held at the San Pedro high school and everything will be in readiness for its presentation in the plaza on the evening of May 10. Dress rehearsal for the pageant will be held next Wednesday.

ALHAMBRA.—The wistaria vine at the home of C. W. Allen, Second and West Grand streets, has been in bloom for more than a week and is a mecca for tourists. People who have seen it declare the Alhambra vine is the equal if not superior to the famous vine in Sierra Madre. The vine is one of the show places of the city.

PORTERVILLE.—Work to prevent in every possible way the use of the German language in pulpit or school, and education of the now pro-German children to the real causes of the world war, will be the chief effort of the newly formed Porterville Community Council.

RIVERSIDE.—An examination of the books of the National Bank of Riverside, whose president, W. W. Phelps, confessed a week ago to having defaulted to the extent of \$16,500 by forging notes and discounting them, revealed the fact that Phelps actually robbed the institution of \$53,675.

CLAREMONT.—The Pomona College Girls' Glee Club, which recently sang at the University of Southern California, and at Hotel Maryland in Pasadena, left this morning for a weekend concert tour to San Diego and adjacent points. This evening they will sing to the newly drafted men at the Point Loma detention camp, and Saturday will visit Camp Kearny.

RIVERSIDE.—Bitten in the hand by a rattle, whose mate he had just killed, H. H. Bergman was rushed into an automobile at a fifty-mile-an-hour rate to the Riverside hospital, where hope is expressed that he will recover, although the thumb may have to be amputated. It is a month early for rattlers, and it is believed their appearance at this time is due to the recent earthquake.

LONG BEACH.—So great has become the menace of shoplifting and petty thievery, threatening the very existence of a number of groceries and the public markets of this city, that a movement has been started to establish a rogue's gallery of those caught, open to the public, as a method of combating the rapidly-increasing evil.

LOS ANGELES.—Col. W. H. Holabird, Los Angeles manager for the Red Star Animal Relief since last December, has tendered his resignation to the directors. Col. Holabird declined to discuss the matter, contenting himself with the statement that his action was taken for "good and sufficient reasons."

WATTS.—More than double the allotment of \$30,000, to be raised here during the third Liberty Loan drive, has been subscribed.

LOS ANGELES.—The sign reading "German Hospital" on the German Hospital building, No. 453 South Soto street, has been taken down, and the officers of the German Hospital Society, which owns and operates the institution, have made inquiry of the secretary of state if they may change the name to the Lincoln Hospital.

RIVERSIDE.—A victim of the fervent patriotism of several hundred boys and girls who attend Grant school, the largest grammar school in the city, a lad was ducked in the goldfish pond in front of the building yesterday for suspected pro-German sympathies. A pot of paint was held in readiness for others who might show similar indications.

EL CENTRO.—Sheriff Appiestill reports that the capture by his men at Calipatria of H. Goldstein, who has been going under the name of H. Gor-

## IMPORTANT MEETING

Orange County Home Economics Association Has Vital Problems

For the past two years the Home Economics teachers of the county and a few friends, who are interested in the vital problems pertaining to the improvement of the home, have been banded together for mutual help and community service.

The war and its effect upon the home has given to these few willing workers much to do, and so they are urging the co-operation of all that they may make it easier for you to solve your conservation problems.

Next Saturday, May 4, at 2 o'clock, the regular meeting of the organization will be open to the public. This time Santa Ana is hostess and the meeting place is the Polytechnic High School, west building, second floor, room 258.

Miss Grace Fisher, head of the Home Economics department of the Pasadena schools, is to be the speaker of the afternoon, her subject being "Home and Social Economics." All members and friends of the Parent-Teacher Associations and Ebell sections are urged to be present.

## FAMILY REUNION

Sons of Mrs. Flora Gonzales and Other Relatives Gather at Home

At the home of Mrs. Flora Gonzales there has been great rejoicing over the arrival of Aaron Gonzales, who for the first time in eight years has had the opportunity of making a visit to his mother and the other members of the family.

Mr. Gonzales comes from El Paso and may locate in Santa Ana or somewhere in California.

Albert Gonzales is another recent arrival in his mother's home, after being away for eight months, stationed in Kelly Field, Texas, where he was serving Uncle Sam.

Rev. A. C. Gonzales and family came from Pasadena, and others present were Mr. and Mrs. Sol Gonzales, Mr. and Mrs. Eloy Lucero, Mrs. Albert Gonzales, Ben and Paul Gonzales and Mrs. Frank Salazar, thus for the first time in ten years all the members of the family were united in a happy family reunion.

Married Wednesday

An interesting wedding was performed on Wednesday at 2:30 o'clock, when Miss Dora B. Matthews became the bride of Titus J. Anderson at the bride's home at 719 Garfield street, Rev. V. M. Goodrich being the officiating minister.

After the ring ceremony and a shower of congratulations for the happy pair, refreshments of strawberries, cake and ice cream were served.

The bride was very pretty in her gown of white crepe de chine, and carried a beautiful bouquet, which later was captured by her cousin, Miss Mamie Burton of Long Beach.

Among the out-of-town guests were Mrs. F. M. Burton and family of Long Beach, Mrs. E. Rockwell of Los Angeles, Mrs. Roy Knowlton of Los Angeles and Mr. and Mrs. J. C. Henderson of Anaheim.

The following donations were received at the Day Nursery in April: Clothing, Mesdames H. W. Whitman, T. B. Elliot, Pomery, W. W. Wassar, Davis, J. A. Harvey, Tuthill, A. N. Cox, Doyle, Rowland.

The Sprague school contributed 33 garments.

Canned fruit, buns and potatoes were received from the Presbyterian church Brotherhood supper; sandwiches from the Red Cross; cake from the Patriotic dinner; bread, Mr. McPhee; oranges, a friend; jelly, Mrs. Tuthill; Mrs. Spear, candy, jelly and buns; Mrs. Dale, Mrs. McPaden and Mrs. Chas. H. Hall each sent a baby buggy. Three more buggies are needed and children's clothing can always be used.

TOUCHING LAST RITES  
FOR EDITH M. BLAUER

The last sad rites for Miss Edith May Blauer, whose bright young life was brought to a sad ending last Tuesday, following a serious operation and great pain, were said yesterday afternoon at the beautiful chapel of Mills & Winbigler's Mission Funeral Home, which was filled with sorrowing friends.

A picture of the interesting group was taken on the hospital grounds. The meeting closed with "Keep the Home Fires Burning."

Misses Rutherford, Spohr and Liebermann will leave on the 9:25 Pacific Electric car tomorrow morning for Los Angeles and the nurses will be at the corner of Fourth and Main streets to bid them farewell. After seeing her two nurses off for Douglass, Arizona, Miss Rutherford will go to Long Beach to remain with relatives until her transportation arrives.

On next Monday afternoon there will be a special meeting at the hospital when the nurses and visiting nurses in the city will hear an address on "Red Cross Work" by Miss L. White of San Francisco, division director of Red Cross Nursing Service.

Twenty-two were present, including Miss McCulloch, cousin of Miss Ruth.

A social time was enjoyed and delectable refreshments of ice cream and cake were served, the cream having a Red Cross emblem embedded in its snowy depths.

The ceremonies were simple and sweet in harmony with the life of the deceased and the handsome casket was surrounded with exquisite blossoms betokening the purity of the life gone out in its prime.

Rev. H. W. Peck, the pastor of the First Methodist church, of which Miss Blauer was a popular member, officiated and spoke just a few touching words concerning the unselfish life of the young woman now passed to the Great Beyond. The pastor's voice shook with emotion as he paid his tribute to his young friend.

Mrs. Roy Roepke and Mrs. Jesse Rose sweetly sang the beautiful and comforting hymns, "My Faith Looks Up to Thee" and "He Knows It All," Mrs. Francis J. Haynes presiding at the piano. They were close friends of Miss Blauer.

Late yesterday afternoon the remains were sent to Tingley, Iowa, the old family home, for interment, many of California's fairest blossoms accompanying the body.

Edith May Blauer was the sister of F. C. Blauer of this city and a member of the firm of F. C. Blauer & Company. She was born in Tingley, Iowa, May 11, 1885, and lived there until coming here three years ago. In Tingley she has two brothers and other relatives.

## READJUSTMENT DUE IN ALL BUSINESS

WASHINGTON, May 3.—Warning of impending radical readjustment in all business as result of America's growing participation in the great war marked the annual report of the Federal Reserve Board today.

The war's progress, it says—whether in favor of the United States or of the enemy—will reflect directly on the country's assets and create feverish conditions in the commercial world. In its effort to counteract any sudden changes in business activity the Federal reserve system has put forward the general policy of maintaining a strong liquid character of assets, the report points out.

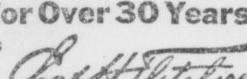

"Our billfidence is due to revo-lutionized commercial conditions in the future exactly as it has done in the past, hence any falling off in our exports with the resultant demand for increased quantities of gold again will force heavy calls for ready money," said the report.

Notwithstanding the unprecedented expansion, resources of the twelve Federal Reserve banks increased \$2,320,463,000 in the year prior to December 30, 1917, covered by the report. The tremendous gain was about evenly distributed, according to the ratio of reserve capital in each district showing a generally satisfactory condition through all parts of the country. Total resources at the close of 1917 were \$3,080,945,000, as

## GRIGSBY IS HURT IN JAM OF TWO MACHINES

Caught Between Cars, Head Strikes Curb, With Possi-ble Skull Fracture

John Grigsby, employed by the city as a street sweeper, is at the hospital in a dazed condition, the result of an accident on Fourth street this forenoon.

Grigsby was engaged in sweeping the gutter on the south side of Fourth street, east of Main, about the center of the block, when his injury was sustained. He was working between two machines standing along the side of the curb when Charles Heil driving an automobile, bumped into one of the standing machines knocking it against the other, Grigsby being caught between the two. He was knocked down and the back of his head struck the curb. The machine struck by Heil was a Hupmobile, belonging to W. D. Barker.

A physician was summoned and the injured man was rushed to the hospital. It has not been determined yet whether his skull is fractured. Officer Joe Ryan accompanied the physician and injured man to the hospital in W. S. Decker's car.

Preceding the splendid address, two songs were given by Lyman Tremain.

The next meeting and supper of the Men's Club will be held at parish hall the evening of Thursday, May 23.

## LIEUT. MEYERING IS CITED FOR BRAVERY IN REPULSING FOES

By FRANK J. TAYLOR  
(United Press Staff Correspondent)

WITH THE AMERICAN ARMY IN LORRAINE, May 2.—Lieut. William D. Meyering has been awarded the distinguished service cross by the commander-in-chief.

The citation reads: "Lieutenant Meyering commanded a platoon which was attacked the morning of April 6. He took offensive measures before and during the attack which resulted in the defeat of the enemy. He handled his men well under fire until seriously wounded. Forced to attend to his wound, he refused assistance and walked through the enemy barrage to the dressing station. He objected to going to the rear until he knew the outcome of the attack.

"His brave example inspired his men to drive off the enemy, who failed to reach our trenches. Meyering lost his right hand."

## I. W. W. SEDITION TRIAL LIKELY ALONG ONE

Bales of Papers, Telegrams, and Other Documents In Evidence at Chicago

CHICAGO, May 3.—Preliminary of the prosecution that the J. W. W. secession trial here would continue at least three months were borne out today with the swearing of first witnesses. The defense expected a trial lasting from four to eighteen months, possibly a new record.

William Haywood, leader of the 112 defendants, saw a mass of documents, from his personal files spread before the court and identified by his stenographer. The court overruled objections of the defense as to the propriety of that evidence.

The government, having sustained its point, was prepared to offer bales of I. W. W. papers, telegrams and letters. One card index to be offered in evidence alone contains 36,000 cards. That is a mere beginning.

The government also expects to call

hundreds of witnesses from all parts of the country, including town and state officers from localities where the I. W. W. are known to have committed overt acts between April 6, 1917, and their indictment in September, 1917.

## CITY NEWS IN BRIEF

Wm. W. Kays, with the Pendleton Lumber Company for many years prior to the sale of the business to the E. K. Wood Lumber Company a few weeks ago, has opened offices in Santa Ana and Anaheim as a building material broker.

Trout limits are reported by both Vic Walker and Van Dien, who returned last night from a two-day trip to the Dark Canyon territory for the opening of the trout season. "Pretty fair," said Walker when asked how the fishing was. They report all the roads through the San Bernardino mountains are strewn with large and small boulders, which were crashed down from above during the earthquake shocks several days ago, and even yet one can put his ear to the ground and hear a mighty rumbling, showing the disturbance is not yet over. Vic says the trip was rough going for quite a distance through the mountains, even though the largest of the boulders had been dragged to the side of the road.

E. T. Mateer, local druggist, who for the past year has been president of the Southern California and Arizona Rexall Druggists' club, was in Los Angeles Tuesday and Wednesday attending the annual convention of the club, held at Hotel Clark, which was the largest since the club was organized. Several high officials of the United Drug company of Boston, who are largely interested in the Rexall company, were present and took part in the discussion of several matters of importance to retail druggists of the Southwest. Incidentally, Mr. Mateer is wearing a handsome gold watch which was presented him by the club as a memento of his very satisfactory services as head of the club for the past year.

## Will's New Lawn Sprinkling System

Gives Perfect Distribution of Water to All Parts of the Lawn Without Wetting the Walks

### Most Durable and Efficient System—Cheapest to Install

## Can Be Installed Without Tearing Up Lawn

### Durability

The Wills Sprinkling System is made of ½-inch galvanized iron pipe, especially prepared for durability. No rust, no leaks to mend. There is practically no limit to its lasting qualities.

### Efficiency

The principal feature of this system is the manner of perforation. The water falls in a fine, steady spray and reaches every corner of space. Not a dry spot left as with the ordinary methods of sprinkling. It is therefore cheapest to install.

We have a number of these systems in use in Santa Ana and will gladly give names on application.

**YOUNG LADIES ENJOY  
LAGUNA HOUSE PARTY**

TUSTIN, May 3.—A party of young ladies started early Saturday morning for a week end house party at Laguna Beach. They were Misses Anita and Irene Preble, Jennie Pollard, Ada Squires, and Ema Leck, chaperoned by Mrs. Elmer Crawford. Arriving at Laguna, they were soon delightfully situated at Yacht cottage and they then proceeded to try out all the opportunities for enjoyment of beach attractions. Dips in the ocean were alternated with hikes over the rocks and hills. On one occasion they were joined by some friends and after exploring Arch Beach for about five miles an extra delicacies dinner awaited them. The jolliest times continued until Tuesday night when the families to which each of the girls belonged joined the party. They were Mr. and Mrs. Jasper Leck, Mr. and Mrs. F. T. Preble, Mrs. C. Squires and Grace Squires, Mr. and Mrs. G. W. Pollard, Helen and Donald. A wine cake and marshmallow roast brought the house party to a climax and a close. It was rather late at night when Tustin was reached.

**OUR DEFENSE**

The spring we may be attacked at any moment. Toxic poisons pile up within us after a hard winter, and we feel "run-down," tired out, blue and discouraged. This is the time to put our house in order—cleanse the system and put fresh blood into our arteries. You can obtain an alternative extract from Blood root, Golden Seal, Stone and Queen's root, Cherry bark, rolled into a sugar-coated tablet and sold by most druggists, in sixty cent vials, as Dr. Pierce's Golden Medical Discovery. This blood tonic, in tablet or liquid form, is just what you need for "Spring Fever," for that lack of ambition. It will fill you full of vim, vigor and vitality.

Chilliness, when other people feel warm enough, is a sign of biliousness, or of malarial poisons—so is a furred or coated tongue, loss of appetite, headaches or giddiness, and a dull, drowsy, debilitated feeling. It's your liver that's at fault. You must stimulate it and invigorate it with Dr. Pierce's Pleasant Pellets. With every trouble of the kind, these tiny little things act like a miracle. You can break up sudden attacks of Colds, Fevers, and Inflammations, with them. They'll give you permanent benefit for Indigestion, Constipation, Sour Stomach, Sick Headache, and Dizziness. They are small and pleasant to take, and the most thoroughly natural remedy. Twenty-five cents at most drug stores.

Mr. and Mrs. Jasper Leck were visitors to Elsinore Hot Springs Tuesday, coming through the region of the earthquake disaster at Hemet and San Jacinto.

Rev. W. S. McDougall and children, Elizabeth, Alice and David and Irene Young were visitors by automobile to Hemet last Saturday. They visited the homes of E. J. Cranston and family and Charles White and family, former residents of Tustin.

Rev. Landis and daughter Margaret of Los Angeles were guests of Rev. and Mrs. McDougall last Saturday night and Sunday.

Roy Knight, Roy Runnels and two sons Hugh and Bert, Gavin Baxter and W. L. Weiss comprised a party who enjoyed a visit to Company "L" boys at Camp Kearny last week end.

Mrs. Roy Knight returned last Tuesday for a two-weeks' visit to San Dimas.

Mr. and Mrs. Charles Bowman and family were visitors to Los Angeles Wednesday. Mrs. Bowman remained in Los Angeles, while Mr. Bowman joined a trout fishing party.

Mrs. E. M. Nealey left Thursday morning for a six-weeks' trip to Nebraska and Iowa.

L. B. Kiser returned this week from a visit to relatives in the east.

Mr. and Mrs. G. W. Pollard enjoyed a visit from their son Clarence Pollard of La Habra on Wednesday.

**SIXTH GRADERS TAKE  
HIKE TO RED HILL**

TUSTIN, May 3.—The Sixth grade in the Tustin Grammar school immensely enjoyed a hike to Red Hill Tuesday afternoon. They were chaperoned by their teacher, Miss Grace Casner and left immediately after school hours.

The tramp to the hill was followed by games and explorations and as there were about thirty in the bunch it was no easy matter to keep together until time to build the bon fire for a grand wineke bake. The winekes, buns, and other god things were consumed with the usual relish, after which the homeward journey was commenced and the crowd arrived at home just about dark.

**FALLS IN CREEK, BUT  
LANDS 41 FINE TROUT**

TUSTIN, May 3.—Roy I. Smith was seated on a tree while fishing for trout Wednesday on the banks of Santiago creek, when he was suddenly precipitated into the water by the breaking of the tree under his weight. Quick assistance from some friends who were near, in answer to his calls for help together with the aid of a boat hook and rope, landed him safely on the bank of the creek. Mr. Smith was not much disturbed by the incident and did not let it interfere with the fishing trip. Upon his return home he had 41 fine trout to show for his trouble.

PHILADELPHIA, May 2.—Five cars sold. Market unchanged. There is a good demand at prevailing prices.

**LOCAL PRODUCE MARKET**

Green vegetables continue to decline as fresh crops come on. Summer squash dropped 10 cents per crate yesterday, selling at 10¢. Green peas are down to 6¢ and 6½¢, the lower so far this season. Kentucky Wonder beans are down 2¢, selling at 13¢ and 14¢, and new potatoes have declined to 6¢ and 6½¢.

Reports from the Imperial Valley state that eggplants are doing well with 25¢ a dozen and a heavy crop in sight. Express shipments have started already, while carloads will be sent out somewhere around the 20th inst.

The only damage has been from strong winds, insects and slight have inflicted no damage to speak of.

The acreage of cucumbers grown under canvas is about half that of last year, and is estimated to have been about 70,000. Cabbage from the San Fernando valley is making good, and a general increase in shipments has been placed in Orange, San Diego and Los Angeles counties. Winds have been particularly injurious in sandy locations.

Butter prices remained firm, while eggs dropped 2¢ cents in extra to 35¢.

## PERSONAL AND SOCIAL NEWS NOTES FROM ORANGE CITY

ORANGE, May 3.—Orange W. C. T. U. held a successful meeting on Tuesday at the home of Mrs. E. B. Adams on North Glassell street. This was the meeting for war work, postponed from Tuesday, April 23, on account of the county convention at Garden Grove on that date. As there was no work on hand, reports were received from the delegates to the convention.

The treasurer reported the entire amount raised by the recent drive to be \$342.57. After deducting expenses, 50 per cent for the state union and 10 per cent for the county, the amount left for the Orange union was \$127.18. Of this \$45 was given toward the equipment of a "French kitchen" which Orange County W. C. T. U. will send to France. The total cost of the kitchen will be \$700, which the white ribbon men of Orange county are giving with glad hearts. The whole amount raised by the drive in Orange county was about \$5600.

At the home of Mrs. Belle Dewey of North Tustin and Walnut a very quiet and pretty wedding was solemnized at 2:30 o'clock Wednesday afternoon. The bride was Mrs. Dewey's niece, Miss Lily Maude Hollingshead, and the bridegroom, Louis C. Knecht of Domino, Cal.

The officiating minister was Rev. W. G. Oram. Only the immediate relatives were present.

Miss Hollingshead was charmingly gowned in cream crepe de chine.

After the ceremony the young couple left by motor on a wedding trip to San Francisco. They will make their home at Domino.

## MEN UNDER AGE OF DRAFT WANTED FOR AMBULANCE DRIVING

An urgent need for a large number of men to see immediate service as ambulance drivers in Italy has been telegraphed to the military bureau of the University of California, according to a statement made at the bureau today.

The men wanted are those between the ages of 18 and 20 years, 3 months, and those within the draft age who show evident physical disability and are registered in class 5G of the draft. Men subject to draft must get permission from their local draft boards to leave the country.

It is planned to send several divisions of men to Italy during the month of May. Immediate action is necessary on the part of those who desire to go. Applicants will be examined in Berkeley as to their ability to drive motor cars and repair machinery. If they pass successfully they will be sent to San Francisco for a physical examination. Those accepted will be sent immediately to Italy to begin their duties as ambulance drivers. The first quota will be started within two weeks under the direction of a captain now in Washington, who expects to take 200 men with him.

Men must sign up for six months foreign service, and must agree to return to the United States at the end of that time, or sooner, if they are needed in this country.

Their transportation, equipment and incidental expenses will be paid both going and coming. It is particularly stated that applicants must be of American parentage.

An immediate response to this is urgently requested. Applicants should supply to the military bureau full information concerning their age, draft status (if within the draft age), training, education, and experience, and should enclose a recent photograph or snapshot if good likeness. The military bureau is located at the office of the alumni secretary, room 114 California Hall, Berkeley. Further information may be obtained here by writing or in person.

TIME OF PROVING WILL, ETC.**  
In the Superior Court of the County of Orange, State of California.  
In the matter of the estate of Penrose C. Dietrich, deceased.

Notice is hereby given that Friday, the 10th day of May, 1918, at 10 o'clock A. M. of said day, at the Court room of this City of Santa Ana, County of Orange, State of California, will be admitted, as the time and place for hearing the application of E. C. Dietrich, praying that the said deceased be allowed to probate, to the last Will and Testament of the said deceased, to be heard by the court, at which time and place all persons interested therein may appear and contest the same.

Dated April 29th, 1918.  
N. T. EDWARDS, County Clerk.

Sergt. Hicks recalled the first feelings all soldiers have in entering for the first time, later giving way to fascination, all have to fight to the finish, to run and take the enemy at the point of the bayonet or bombs, in preference to long waits in the trenches, natural humor gave Sergt. Hicks' lecture a natural finish.

Sergt. Hicks has a voice of rare tenor quality and pleased greatly with his trench songs and one of his own composition. Coming to the Temple Theatre Sunday only.

## HUNTINGTON BEACH

## LOOK FORWARD TO SHIPBUILDING BOOM AT NEWPORT HARBOR

HUNTINGTON BEACH, May 3.—

Mr. Nelson of Long Beach, who formerly conducted the Nelson cafe in the pavilion, was in the city Tuesday on business. He reports business booming in Long Beach because of the shipbuilding interests. Huntington Beach is looking forward to the time when the same kind of industries at Newport will be of much advantage to this place as well as all of Orange county.

Mrs. M. O. Evans of Highland Park came down Thursday and will visit with Mrs. A. C. Cumming over the week end.

Mrs. J. J. Conrad was in Los Angeles on a business trip Tuesday. Mrs. D. V. Hearn visited in Long Beach Monday.

Mrs. S. E. Hearn, Mrs. Lucy Godard and Mrs. C. W. Warner were in Los Angeles Monday on business. Mrs. Warner remained over with Mrs. Madge Evans, returning home Tuesday.

J. D. Porter of Orange was visiting in the city Tuesday, the guest of L. M. Lindley.

Rev. F. D. Mathre of Pasadena was here Tuesday looking after the interests of the Methodist Assembly, as he has been appointed their manager for the summer campaign which will begin about July 1.

C. W. Warner and wife of this place and Willis H. Warner and wife of Westminster started today on a fishing trip to Ventura county.

Claude LaGrange of Los Angeles is spending a week's vacation with his uncle, John Parker.

Mrs. C. B. McKee of 1030 Woodrow avenue, Eagle Rock, was in the city Saturday looking after her property in the Del Mar.

The W. C. T. U. of Southern California has been called or to furnish 3000 comfort bags for the soldiers. The local union will make about fifty and the work was started at their meeting Wednesday.

Good catches of fish are reported, mostly surf, with occasionally a halibut, bass, and pompano, with some smelt and herring.

William Sell and wife of Hollywood are spending a few days at their cottage on Tent street.

John D. Newland, son of W. T. Newland, of this place, left for Camp Lewis, Wednesday, from Fullerton.

Judge Warner reports everything very quiet in the city recorder's court, not a single case for the month of April, and only one case filed in the Justice's court for the same time.

H. C. Hine on Twentieth street, died Tuesday and was buried in Santa Ana Thursday.
